

TO WHOM IT MAY CONCERN

I take great pleasure in preparing this resume for Alayne Marie Sidlick.

Alayne came to our practice as a Architectural Draftsperson between the period of 24th of August 1998 and the 15th of June 1999 while on a holiday visa traveling Australia.

I am extremely embarrassed to admit that on first impressions I believed Alayne was in a holiday mode and did not fulfill my narrow minded criteria. How wrong I was and how fortunate it has been that I gave her an opportunity to prove me wrong.

Alayne proved to be an invaluable member of our practice, offering her service with incredible dedication and skill. She proved to be a competent autocad operator and picked up Australian construction methods very rapidly. Further she has acquired extremely proficient office skills, exhibiting a good knowledge of Microsoft programs and general computer management.

Alayne proved to be extremely adaptable with all tasks assigned to her whether in the office or on site. Her approach proved methodical, organised, professional and self sufficient in the completion of her work. Given Alayne's vast travel experience she exhibits a mature and unjudgemental manner with everyone she comes in contact with. She proved to fit in well with fellow work colleagues and regularly played a leadership role when required. Furthermore her efflorescent personality has been up lifting to all that associate with her.

I have no hesitation in recommending Alayne for any vocation she may choose to try her hand. She is extremely articulate and has been an outstanding team member and companion. We all wish her well and hope to see her in Fremantle again.

Yours sincerely

Peter Broad
